Experience

Founder

Apr 2023 - Present

I'm currently working on an exciting project focused on enhancing digital identity using various platforms, including Android, iOS, and Web.

Envato · Contract

Mar 2021 - Aug 2022 · 1 yr 6 mos

As a tutorial instructor, I've crafted and published distinctive articles that blend technology insights with educational and marketing expertise.

Freelancer

Sep 2019 - Oct 2020 · 1 yr 2 mos

Designed, created, and collaborated on the development of different apps, websites, and open-source projects.

Roxo

Oct 2018 - Aug 2019 · 11 mos

Translated over 110 technical articles, primarily focused on web design and app development.

Publication Centers

In my career as a writer, I share insights and educational articles about technology and programming. Below are the primary channels through which I have contributed

🔗 **Envato Tuts+ Profile**

🔗 **Amin's Blog**

Open-source Projects

I have also developed several open-source projects

🔗 **Free Tools**

🔗 **GitHub Account**
